Bill To Slash Excise Taxes Heads For House

Committee Approves Big Increase In Corporation Taxes

WASHINGTON, June 20 — (AP)—Democratic tax law managers made ready today to ram through the house a bill slashing excise taxes by $1,010,000,000 a year, after tacking on a corporation tax boost to avoid a veto.

The house ways and means committee voted $433,000,000 in new taxes late yesterday. It was designed to meet President Truman's requirement that the excise cuts must be offset by larger taxes elsewhere, before he will sign the bill.

Small Firms Get Help

This would cut the tax load of small corporations earning from $5,000 to $167,000; but jump the present 38 per cent income tax rate for the biggest corporations to almost 41 per cent.

Administration leaders immediately predicted the tax bill, in a form suitable to the President will be handed to the White House in time for Congress to adjourn July 31.

However, this schedule assumes prompt approval by the house, where the bill is expected to come up next week, and the less likely prospect of quick senate passage.

If it goes through, excises now imposed will be slashed—probably on September 1—on fur coats, movies, jewelry, travel tickets, luggage, telephones, tires, tubes, baby bottle warmers and scores of other items.

The big corporation tax boost, if approved by house and senate, would just about cover completely the estimated $1,010,000,000 excise cut. The committee, by a 10 per cent withholding on corporation dividends, loophole plugging and various other tax changes, already had found ways to pick up an estimated $465,000,000 in addition to the $433,000,000 from corporations.

In addition, the committee is expected to vote today on a proposal by Rep. Mills (D-Ark) to speed up corporation tax payments.

In the long-delayed crucial vote on corporation income tax rates yesterday, the vote was reported unofficially at 14 to 11, with 14 Democrats supporting the change and one Democrat and 10 Republicans opposing.

Here's what the committee voted:

1. A flat 21 per cent normal tax rate on all corporation earnings.

2. A flat 20 per cent surtax rate on all corporation taxable earnings over $25,000.

8th Annual Flower Show To Be Friday

Aiming to make the project of city-wide interest, members of the Salem Garden Clubs are inviting any one in Salem interested in flowers to make an exhibit in the eighth annual Flower Show. County residents also have been invited to participate.

The show will be staged in the Salem High School gym from 2:30 to 9:30 p. m. Friday. Set up in "American Scenes," there will also be "The Youth of America" and "The American Way of Conservation" sections.

Entries must be in from 8 to 10 a. m. Friday. To avoid confusion, entry cards will be available at the High School from 2 to 4 p. m. Thursday.

No exhibit can compete in more than one class. An exhibitor can make not more than one entry in a class but may enter as many classes as he or she desires.

It is suggested that the evening before the show the exhibitor cut all plant material to be shown and put it in buckets of cool water. Buckets should not be overcrowded and care should be taken that the flowers not be bruised. The material should rest in a cool dark place overnight to harden.

ALL 6-YEAR-OLD Lyle Johnson (standing at right) did was turn the wheel of his dad's car a little, where it was parked at the curb. But look what happened: it rolled downhill, over an embankment and overturned. Lyle wasn't hurt a bit, but the car, ohhh! Lyle's mother said he'd never gotten in alone before.

Kidnaper Of Two Boys Slain In Gun Duel With Mingo Policeman

STEUBENVILLE, June 20 — (AP) — The kidnaping of two Pennsylvania boys and their imprisonment in an auto trunk during a 1,500 mile,two-day ride was a closed case today—their captor died with a policeman's bullet in his heart.

But the reasons for the strange and violent crime spree of Joe Pacific, 32-year-old Cannonsburg, Pa., electrician, probably were known to him alone when he died emptying his pistol at police pursuers in nearby Mingo Junction Monday afternoon.

The two boys Pacific kidnaped —Nick Cursi, 18, and Joseph Zolmerichik, 19, both of Cokeburg, Pa. —came out of the harrowing experience weak from thirst and hunger, bleeding from head wounds, and terror-stricken. But they were not harmed seriously.

Their long ride started near Canonsburg Saturday night when they picked up the hitchhiking Pacific on their way to a dance in Cursi's car. Pacific robbed them of $16, Zolmerchik said, returned it saying he was joking, then took it back again, slugged them with his pistol butt, and locked them in the car trunk.

Yesterday morning Pacific drove the car to the home of his estranged wife's parents, beat her with his gun and forced her to go away with him in the car.

Wife Calls Police

It was the wife, Matilda, 30, who called Mingo Junction police when Pacific left the car there to go into a store and buy her a dress to replace the blood-stained one she wore.

The kidnaper fled afoot and eluded a police posse for more than an hour. Sgt. Sam Baker said Pacific shot at him three times and missed before Baker fired a bullet into his chest. The fugitive ran a few yards, slumped down, fired another shot at his pursuers and collapsed dying.

Coroner John P. Smarrella of Jefferson county ruled the slaying "justifiable homicide."

"He had every chance in the world to give himself up," said Rocco Crugmale, Mingo Junction safety director, to whom Mrs. Pacific gave the first information on the kidnaping. "He was shooting at us. We had to do something."

Mrs. Pacific had been married to the slain man for 12 years and they had three children, aged eight, five and three. But six weeks ago, she left him and went to her parents' home, because, she told Crugmale, her husband had been "acting strangely."

She was ready to leave for her work as a waitress Monday morning when Pacific forced her to go with him on the wild ride.

Traveled 1,560 Miles

Cursi and Zolmerchik got down on their knees and thanked the widow for risking her life to free them from the car trunk. In addition to fears Pacific might shoot them, they were afraid they might be abandoned to starve in their cramped, dark prison or that Pacific might wreck the car.

The two boys estimated from the speedometer reading they traveled 1,560 miles although they probably never were more than 100 miles from their starting point. Often Pacific drove at high speed, and the auto left the road three times, they said.

The car stopped for gasoline about five times, the youth added, but "Pacific kept the motor running and kept tapping on the trunk with his gun, so we were afraid to call for help."

The boys used a tire tool to punch a hole in the side of the car to get air, but were unable to force the lock.

4 Injured When Two Cars Crash

Warren People Hurt In Rt. 45 Collision

Four Warren residents were seriously injured in a two-car accident at 6:45 p. m. Monday on Route 45, three-tenths of a mile north of Ellsworth, Salem state highway patrolmen reported.

Those injured were:

Earl Johnson, 35, multiple lacerations of scalp, possible fractured cervical spine and a head injury.

Elmer Carr, 34, basal fracture and possible fractured neck.

John H. Patton, 71, of R. D. 3, Warren, possible fractured back and lacerations of the face and head.

Ella Patton, 71, wife of Mr. Patton, lacerations of the face, fractured right leg and possible fractured right arm.

Mr. and Mrs. Patton were taken to Warren Trumbull Memorial Hospital and Johnson and Carr were admitted to Youngstown South Side Hospital.

The car in which Johnson and Carr were riding was passing a truck driven by Roy Noll of 318 S. Union ave. when the Patton auto came over the crest of a hill, causing the vehicle with the two men to pull in behind the truck.

In doing so, the car with the two men slammed on its brakes, slid across the road and crashed into the oncoming auto driven by Mr. Patton.

The driver of the car containing the two men is not known. Neither is able to talk. The patrol said Johnson is the owner of the vehicle, but the collision was so serious it could not be determined who was driving.

Both cars were completely demolished.

E. Palestine May Lose Its Status As City

EAST PALESTINE, June 20—This Columbiana county community may revert to village class as a result of an apparent dip in population.

Mayor Paul Merwin said today unofficial tabulation from the 1950 census shows a population of 4,857 against the 1940 count of 5,123. Return to a village would require reorganization of the municipal government.

New Cool Air Mass Moving Toward Ohio

Summer promised to linger in Ohio for another day today, but prepared for a hasty exit as a cool air mass moved toward the state from the northwest.

Cloudiness and warmer weather was predicted generally for today and most of tomorrow as the mercury climbed toward the 80-mark.

But scattered showers tomorrow were expected to precede appreciable temperature drops throughout the state.

Lausche Statement Surprises Democrats

COLUMBUS, June 20—(AP)—National and state Democratic leaders were flabbergasted today by Gov. Frank J. Lausche's statement that he had not decided whether to support his party's candidate against U. S. Senator Robert A. Taft, Republican.

The leaders, here to help organize the senatorial campaign of their candidate, Joseph T. Ferguson, sidestepped specific comment on Lausche's remarks.

The Democratic governor at White Sulphur Springs, W. Va., yesterday said he would vote for the senatorial candidate he thought would "serve the nation best." Lausche is seeking a third term.

Democratic National Chairman William M. Boyle, Jr., said at a press conference:

"Any official has the right to vote for any one he wants."

Four Cars Damaged In Local Accidents

Mrs. Letha G. Astry of 1490 E. State st. told police she was driving her car west on E. State st. and a car driven by George L. Kent of Detroit, Mich., pulled from the curb on the south side of the street and tried to make a "U" turn at the intersection of Vine st. when both vehicles collided.

The left front of the Astry car and the right front of the Kent auto were considerably damaged.

Cars driven by Frank E. Daughtery of Painesville and Francis A. Richey of R. D. 4, Lisbon, were involved in a collision on E. State st.

Richey was in the line of traffic, waiting for the light to change, and Daughtery pulled from the parking space on State, just west of Broadway, and started to turn south when the two cars hit.

The right rear fender of Daughtery's auto was torn from the body and the left front fender of the Richey's car was dented.

State Jaycee Officials To Seat Local Officers

Robert Rosencrans of Columbus, recently elected Ohio State Junior Chamber of Commerce first vice president, will be installing officer when Salem Jaycees seat new officers Thursday evening at Horvath's dining room on the Canfield road. This is also Ladies Night and the wives and feminine friends of the members are invited.

Rosecrans is executive secretary of the Ohio Citizens Committee on the Hoover Report. He is in the Salem area this week and, because of his tight schedule, Jaycees are urged to observe the 6:30 p. m. dinner time.

Arranging the affair are Donald Vincent, Robert Baughman, Russell Hackett and retiring president. James Jackson. Horace Schwartz is president elect.

Western Europe Coal, Steel Pool Will Help Peace, Schuman Says

French Leader's Talk Opens Paris Parley; 6 Nations Represented

PARIS, June 20 — (AP)—Six Western European nations opened a historic conference today aimed at pooling their coal and steel production. French Foreign Minister Robert Schuman, father of the plan, told the delegates the ultimate aim was to abolish war from the continent of Europe.

Britian remained on the sidelines, although she will be kept informed of what goes on.

There was some talk that the British were coming around to the view that the advantages of joining the plan might outweigh the disadvantages. Schuman said he hoped Britian would eventually join.

Would Aid Understanding

Schuman told delegates of France, Western Germany, Belgium, Italy, The Netherlands, and Luxembourg that there would be great political benefits in a plan which stems from a French-German understanding.

"It is our desire to associate in common and permanent work of peace two nations which for centuries have fought one another in bloody conflicts," The French foreign minister said.

By welding Germany and France together in this common effort, Schuman said, the nations would provide the "certainty thus to banish from our European community a latent cause of trouble, suspicion and anguish." On this basis, then, the nations would erect " a solid European edifice accessible to all nations of good will."

The French minister reminded the delegates that their governments would have agreed on an unprecedented objective—to decide on the best manner of applying the principle of a supranational authority over the coal-steel plan. This authority would mean the surrender of some sovereignty by the nations.

"We feel we are not permitted to fail, nor to quit without finishing the job," he added. "But no one has ever tried such a system as we have outlined. Never have the states conferred nor even thought of delegating as a group, a fraction of their sovereignty to an independent supranational organization."

Hope For British Support

Britian's ruling labor party has rejected the idea of a supranational authority. The labor government balked at signing in advance a commitment regarding such an authority and thus stayed out of the conference.

But the British, aware of American interest in European economic unity, evidently do not want to be shut out of the conference completely. Special arrangements with the French have been made to keep the British informed of what goes on here. The British, meanwhile, have expressed hope the plan would evolve in a form which would permit Britain to adhere.

Schuman voiced hope this would come about, telling the delegates: "We cannot conceive of Europe without her. We know —and this reassures us—that the British government hopes for the success of our work."

The French minister said modern times and modern conditions require a delegation of power by the European nations to a higher authority whose decisions would be binding.

"Without losing sight of the special interests of our countries, we must be aware that national interest in our day consists exactly in finding beyond national limits the means of building a more rational economic structure, a more intense and more economic production and a greater and more accessible market," Schuman said.

Schuman said the delegates, who begin their working sessions tomorrow, should operate as a team not bound by rigid rules of a formal conference. He urged "a pioneering boldness which is too often absent from our international institutions."

Hurley Invited To Amplify His Amerasia Charge

Senate May Learn More From Former China Ambassador

WASHINGTON, June 20 — (AP)—Patrick J. Hurley, former U. S. ambassador to China, got a bid today from senate investigators to elaborate on his charge that the State Department had shielded officials who "sold or gave" top secret documents to "pro-Communists."

Hurley made the charge yesterday in a statement issued at Santa Fe, N. M. It was linked to the 1945 Amerasia documents theft case now under investigation by a senate foreign relations subcommittee.

Chairman Tydings (D-Md) told reporters the committee would call Hurley to testify as soon as possible. Senator Hickenlooper (R-Iowa), a committee member, also urged Hurley's appearance.

Says People Kept In Dark

Hurley charged that the State Department has for five years "kept the people from knowing the truth about the theft of top secret documents by officials of the State Department who sold or gave them to pro-Communists."

He also accused State Department officials, both in China and in Washington, of sabotaging American policy in China while he was ambassador there in 1944 and 1945.

Hurley named John S. Service, State Department foreign service officer, as one of the persons who he said supplied Chinese Communist leader Mao Tse-Tung with secret information in 1944.

Service was one of the six persons arrested in 1945 after federal raiders had seized hundreds of government documents in the New York offices of Amerasia magazine. He was not indicted.

Last March he was charged by Senator McCarthy (R-Wis) with having "Communist affiliations." A few days later he was called back to the United States from a new assignment in India, to face a fresh State Department loyalty quiz.

Service To Testify

Service, who denied the McCarthy charge, is scheduled to appear before the committee Thursday to testify about the Amerasia case.

Tomorrow the committee plans to take testimony from John E. Peurifoy, deputy undersecretary of state. McCarthy charged that Peurifoy made a "pay-off" deal with a witness to protect Service in testimony before the committee.

McCarthy named the witness as Emmanuel Larsen, a former State Department employe and a co-defendant in the Amerasia case. Larsen testified before the committee recently behind closed doors.

Senator Ferguson (R-Mich) told reporters he would seek Monday to have the senate judiciary committee approve a Republican-sponsored resolution for a separate investigation of the Justice Department's handling of the case.

Governors Hear Sec. Acheson

Appeals For Support To Backward Areas

WHITE SULPHUR SPRINGS, W. Va., June 20—(AP)—Secretary of State Acheson appealed to the nation's governors today to support President Truman's program of aid for the world's backward areas.

"By aiding the people of underdeveloped areas to deal with their basic problems of food, health and education," he said, "we shall be strengthening their resistance against extremism of whatever kind."

Acheson spoke before the state governors who have gathered for a four-day study of domestic and world problems.

In his prepared speech, the secretary dealt entirely with United States efforts to help strengthen the free world and maintain world peace.

The administration has advanced the aid to backward areas program—called "Point Four" after its position in President Truman's inaugural address—as an important factor in building peace. Acheson said that while this program would be a moderate one, the results "will make a great contribution."

Congress has authorized $35,000,000 to initiate the program but has yet to appropriate the money.

Acheson urged Congress to give quick approval and deplored what he said were "narrow isolationist" attacks on the bill.

U. S. officials said one reason for Acheson's appeal for aid was that the administration is having difficulty rounding up experts who are willing to accept assignments in out-of-the-way countries for any period of time.

Gov. James H. Duff of Pennsylvania told a reporter in advance of Acheson's' talk that he hoped to find out what the Truman administration proposes to do about halting the advance of Communism in Asia.

Merchants Seek Parking Repeal

Plan To Carry Protest To Council Members

A special meeting of city council will be requested by Salem merchants, it was learned today, when they will present protests over the new traffic-parking experiment put into effect last week.

The merchants had expected to attend council's meeting tonight, but found they did not have sufficient time to prepare their case.

They are expected to present two petitions to the city fathers. One will protest the ban on parallel parking on South Broadway, which, they say, will eliminate two-thirds of all the cars parking on that street. The merchants contend there is no place for the eliminated vehicles to park.

The other petition, presented by the downtown E. State st. merchants, will ask for for full restoration of parking and traffic on their street. Some have contended that the trial system, which has eliminated parking in several spots, has adversely affected their business up to 25 per cent.

The traffic-parking program is purely an experiment and has not been incorporated into an ordinance by council.

Jury In Heckathorne Case Seated Today

LISBON, June 20—The second trial of Gerald Heckathorne of East Liverpool on armed robbery charges began this morning in Common Pleas court here. The charge is in connection with the robbery of the Truckers Inn of Wellsville.

The following jury was seated: Edith Stoudt, Lela Britt of Salem, Helen Delzell of R. D. Salem, William E. Burkhart of Alliance, Earl Spires of Wellsville, Thelma McClintock, Nellie Vogan, Leona McKenna of Lisbon, George Frantum, J. E. Syme of E. Rochester, M. L. Forbes of Columbiana, and Floyd A. Huston of Negley. Roy Beight of East Palestine is the alternate.

Opening statements were made, after which the jury was taken to Wellsville to view the premises. The state will call the first of 16 witnesses this afternoon.

Hungary Sets Vogeler Price

Demands Return Of Allied-Held Crown

VIENNA, Austria, June 20 — (AP) — Communist-ruled Hungary has offered to swap imprisoned American Businessman Robert A. Vogeler for one of her most venerated religious relics, the Allied-held crown of St. Stefan, it was learned here today.

Reliable sources said progress of negotiations between the U. S. and Hungary indicated Vogeler, sentenced to 15 years imprisonment last Feb. 21 for spying and sabotage, might be released within a few weeks.

The crown, which dates back to Hungary's 11th century King Stefan I, was taken from Hungary by the Nazis and found by American troops in Germany. It was last reported held by the Western Allies in 1947 at Wiesbaden, in western Germany.

The United States, reportedly at Vatican urging, has refused repeated demands by Hungary's Red government for the crown.

Many Hungarians attribute miraculous powers to the crown and believe that no government holds power legitimately unless it has possession of the relic.

Dr. Curie Pleads For Outlawing Of A-Bomb

CHICAGO, June 20 — (AP) — Dr. Frederic Joliot-Curie, the ousted French atomic energy commissioner, called on American scientists today to approve his proposal for outlawing atomic weapons.

He made his appeal in the bulletin of the atomic scientists, which predicted editorially that few American scientists would back his plan. The bulletin said effective atomic controls were being blocked by "the Soviet Union's isolationism and distrust of the outside world."

The Mature Parent: 2

Don't Dwell On Yesterday's Failures

By HAROLD F. STRONG
Written for NEA Service

PARENTS who allow yesterday's unhappy past to rob them of today's joy in their children are children themselves who refuse to accept the discipline of living.

Harold F. Strong

Failure is a universal human experience.

But if we accept past failures as proof of our inability to win and hold new affection, those failures can wreck our relationships with children.

Emotional disturbance among youngsters of divorced parents often spring from parents' shaken confidence in their value to others.

In the process of helping a boy under treatment of chronic truancy, we learned his mother's background. Daughter of a domineering mother, she had eloped at 18 and been divorced. A second marriage also had failed.

When we worked with her, she gradually was able to recognize that her inability to control her son stemmed from a deep conviction of her own incompetence to make good decisions, a distrust of her own right to authority. Her dominated childhood and failures as a wife had paralyzed her confidence.

Divorce is generally only the climax to the repeated failures of two people to reconcile conflicting points of view.

In the emotional tension, man and wife are unable to separate fact from fiction, and can emerge from the collapse of their marriage overwhelmed by a burden of self-doubt and defeat.

A parent who has been divorced must take time for a sincere appraisal of his experience. If he has made mistakes, they should be admitted, and squeezed dry of whatever lessons they have; then they should be forgotten.

Otherwise, any distrust of himself that is left over will carry over to his relationship with his child. The youngster's readjustment to the new state of affairs will not be hastened by a defensive, uncertain parent whose whole attitude suggests he is not qualified to take authority.

Parents who expect defiance have only themselve to blame if defiance is what they get.

Tomorrow: The desire to see your children excel.

Rent Control For 6 Months Approved

WASHINGTON, June 20 — (AP)—Senate and House conferees agreed today on a compromise bill extending federal rent controls for six months beyond June 30.

The compromise, subject to approval by both chambers of Congress, give municipalities power to keep the federal controls for an additional six months, or until June 30, 1951. In communities where no such action is taken, controls would end automatically on Dec. 31.

The House had voted for an automatic seven-months extension, with an additional five months optional. The Senate wanted a six-months automatic extension, with six more optional months.

The conferees accepted a house provision giving counties the right to remove controls before Dec. 31 in unincorporated areas.

Dead Woman's Kidney Saves Another's Life

CHICAGO, June 20—(AP)—A kidney from a dead woman has been transplanted in another woman in an operation which doctors said is the first of its kind ever performed.

Dr. Richard M. Lawler said the surgery was performed Saturday in Little Company of Mary Hospital and that the patient was in "good condition" today. Her condition was normal and she had talked to her husband, hospital attendants reported.

Dr. Lawler, a member of the hospital staff and senior attending surgeon at Cook County Hospital, directed the operation. It was begun 10 minutes after the donor of the healthy kidney died and required an hour and a half.

Dr. Lawler removed the diseased kidney from Mrs. Ruth Tucker, 49, of Chicago.

The healthy kidney from the dead woman, in an adjoining room, was removed by Dr. James West, also a staff member at Little Company of Mary and associate attending surgeon at Cook County Hospital.

Concessions Let For Street Fair

Annual Affair Set For Sept. 7, 8 And 9

COLUMBIANA, June 20—Concessions for the rides and other amusements at the annual Columbiana street fair and homecoming Sept. 7, 8 and 9 have been let by the committee of Firestone American Legion Post to the company that was here last year.

Firestone Post has been sponsoring the fair ever since World War I. Its committee this year is headed by Post Commander Fred Fritsch.

For the third successive season, the Chamber of Commerce will have a tent for commercial and industrial exhibits. The innovation proved so popular the first year that a larger tent had to be provided last year.

The first fair was held in 1885, but after the fair of 1889 it was discontinued until its revival after the turn of the century.

But One Motor

KANSAS CITY, Kas. — Two young brothers, passengers in a "hot rod" motor car, fell out and were injured when it turned a corner yesterday.

Police decided the driver, Wayne Ward, Jr., 15, had stripped the car down too much. They declared it unsafe for these reasons:

No body.
No lights.
No floorboards.
No rear fenders.

The only seat cushion was not fastened to the frame.

It Says the Nicest Things About You!

There are few stronger urges in the human breast than that which grows out of the desire to stand well among our fellow beings.

And around this great basic emotion lies much of the appeal of a Cadillac car.

Alight from your Cadillac anywhere you will, in the presence of people, and certain splendid deductions are immediately made about you.

It could not be otherwise—for the wonderful people who own this car have made it so. In every community in America, a preponderant proportion of the leading citizens have long since turned to Cadillac.

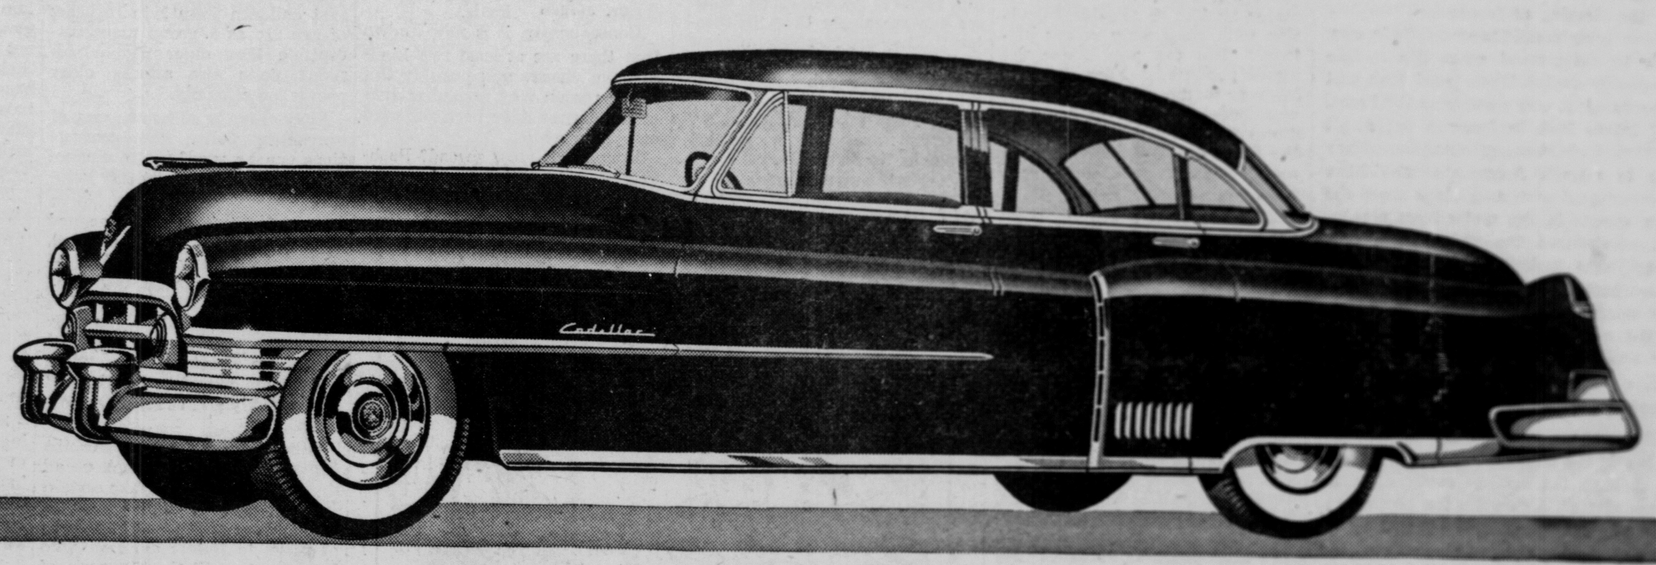

Out of this close association, the car has partaken of the character of its owners until it has now become their symbol. It is recognized throughout the world as the all but automatic companion to outstanding personal success.

The genesis of all this, of course, is quality. For almost fifty years, Cadillac cars have been built to the highest standards it is practical to enforce in the production of a motor car. And people of achievement and discernment have sought them out as water seeks its level.

Today, Cadillac stands uniquely alone in the things it reflects upon its owner. It all but writes his biography!

Have you thought of a Cadillac car for yourself? If so, why not come in some day, quite soon, and talk it over?

We think you'd be surprised and delighted at how easy and practical it has now become to join the wonderful people who own and drive this wonderful car.

Five Years To Ripen

SIX PERSONS were arrested by the FBI on June 6, 1945, on charges of conspiracy to violate espionage laws: P. J. Jaffee, Kate L. Mitchell, Andrew Roth, E. S. Larsen, M. J. Gayn and John S. Service. They were accused of having stolen confidential government documents. Jaffe was publisher and co-editor of a magazine known as Amerasia. Kate Mitchell was co-editor of the magazine. Roth was a Navy lieutenant, Larsen a State Department specialist on the Orient, Gayn a free-lance writer, and Service a State Department official. The FBI said it had recovered from the magazine's offices many originals and copies of important government documents.

The war with Japan was reaching its climax. The Amerasia case was given only a fraction of the attention it is drawing now, five years later. It was quickly forgotten after a federal grand jury cleared Service, Gayn and Miss Mitchell, indicting Jaffe, Roth and Larsen.

The charges against the three were reduced later to conspirasy to remove government files and records illegally. Larsen made no defense and was fined $500. Jaffe pleaded guilty and was fined $2,500. The indictment against Roth was dismissed. The case was beginning to look strange, but there were more important things to look at in 1945. And by October of the next year, there was nothing left to see. A subcommittee of the House Judiciary Committee, acting just before the November election, said the whole thing had been a mirage.

So the Amerasia case ripened on the vine. Nothing happened until last March, when Senator McCarthy nudged it, the case broke open and a great many persons began to examine with keen interest what had been neglected in 1945.

Another congressional subcommittee decided to look under the whitewash in April. In May, the chairman of the original investigating committee, decided he would like to take another look. And in June, the liveliest thing in Washington is the Amerasia case. And whatever became of all those people who kept telling Senator McCarthy he was making a pest of himself by barking up the wrong trees? Whence this strange silence that has buttoned their lips lately?

Good Bets For The Future

IN ADDITION to approximately 153,000 displaced persons who already have found haven in the United States under the law adopted for their benefit, another 188,000 can come here under the renewal of the same law, approved by President Truman on Friday.

A total of 341,000 persons in a population of more than 150,000,000 seems insignificant. Yet in that handful of refugees from old-world hatreds and oppressions are many good bets for the future. They have chosen the United States deliberately. They are in search of the blessing of freedom.

They have been conditioned by their own experience to understand what life is like when freedom is denied. Their patriotism will not be superficial; it will come from the heart. They will infuse faith in America out of all proportion to their meager numbers. They may help to refresh Americans who have become preoccupied with misgivings about the day-to-day events in the momentous revolution that crystallized the vision of a new world free from tyranny. The important thing about America is still that same vision —not the misgivings which have taken priority in the minds of Americans who have lost their ability to dream great dreams.

One-Punch For Traffic

THE TEMPERATURE was high. So was the coloring of the traffic policeman's face as he went through the endless motions calculated to speed traffic through the bottleneck where he was stationed. He seemed to be pulling it through by his own exertions, car by car, truck by truck. And it made one think of all the traffic policemen and their hard lot in the scheme of things.

It is harder than it needs to be. Because if the same job were to be made more efficient, there would be pretty girls in majorette dresses at jammed intersections. They would get 10 times as much cooperation with only 10 per cent of the effort—from men drivers, that is. And they couldn't possibly do any worse with women drivers, who resent being high-pressured under any and all circumstances.

Anything to pseed traffic through bottlenecks! Anything to get more pretty girls distributed where they will do more good in the U.S.A.!

One of the easiest ways to drive an argument home is to let the good wife sit in the back seat.

About the only price we haven't heard any kicks about is the one on government bonds.

Businessmen Feeling Their Political Oats

By PETER EDSON

INDIANAPOLIS

THE INDIANA State Chamber of Commerce and the Indiana Manufacturer's Association are in politics right up to the hilt. They are holding meetings, printing, publishing and propagandizing all over the state at an unprecedented rate.

There are some Indiana political observers who believe that this newly awakened interest of businessmen in politics is accomplishing no net change in the political atmosphere. In other words, it is claimed that the businessmen are only talking to themselves and convincing those already convinced of their views.

But there is more to it than that. Crossing the state twice, stopping in half a dozen smaller cities as well as Indianapolis, this correspondent had run into many new manifestations of an awakened political activity that is unusual even for Indiana, which takes its politics pretty seriously.

Several factors seem to have been repsonsible. One was the licking the cock-sure Republicans took in the 1948 election. Another was the legislative program which the Democratic-controlled House almost put over in the 1949 state legislature. Still another was growing opposition by businessmen to proposals of the Truman administration in Washington. Finally there was a general feeling that something had to be done in the way of political organization to offset the success of the CIO Political Action Committee.

"There is a powerful and efficient organization working against your best interests," wrote A. C. Conde, executive vice president of the Indiana Manufacturers' Assn. in a July 1, 1949, letter to his members. The subject of this letter was "Political Strategy." It marked the start of an unpublicized but none the less forceful effort to make the viewpoint of management better known to lawmakers and political officials in state and city offices.

This approach resulted in part from experience during the last sessions of the state legislature. Lawmakers then asked the representatives of the manufacturers why they came around only once every two years, when the legislature was in session.

Typical of the way in which the manufacturers have quietly been trying to correct this situation is the report on a recent meeting in Batesville, Ind., in the furniture manufacturing section. Harold Ingersoll, president of the Indiana Manufacturers, and a few other IMA officials met for seven hours with the two state senators and two candidates for the lower house from the area, just to acquaint them with the problems of management.

-:-

BUT the connection is even closer that that. In the recent Indiana primary, seven members of the Indiana Manufacturer's Assn. were nominated for the legislature. Two won nominations for the senate, five for the lower house. One of the senate candidates and two of the house candidates were Democrats, the others Republicans.

The feeling seems to be that since it is the businessmen who are asked to make the campaign contributions that support the two political parties, these same people should have some say in who the candidates shall be that seek public office.

While the Manufacturers' Association has thus been working at the top levels of political influence, the Indiana State Chamber of Commerce has embarked on a campaign of much broader appeal.

Under Clarence A. Jackson, executive vice president of the Indiana Chamber, an ambitious program of political education has been mapped out. Jackson is registered as a Democrat and is a former Paul V. McNutt assistant on social security administration. Jackson is also an official of National Tax Equality Assn., which has been fighting the co-ops in particular and high taxes in general.

Last January the state Chamber brought out a handbook on "Citizenship Participation." It is one of the most complete collections of political data ever assembled in any state. It presents election statistics, county by county. It analyzes platforms, issues, taxation, labor legislation and legislative proposals. It gives the records of all officeholders. It is intended primarily for political organizers.

At a lower level, the Indiana Chamber has published a more popular textbook, "Here Is Your Indiana Government." This has been placed as a textbook in some 300 Indiana high school history and civics classes.

The results of all this effort are perhaps best measured by Indiana primary election returns. In 1948, about 30 per cent of the 2,000,000 Indiana registered voters turned out to cast ballots. In 1950 they got it up to 41 per cent.

The increase was analyzed by the Indianapolis Times, which made several surveys to check its own findings, as due to people who "didn't like the way things were going and wanted a change."

The test on this, of course, will come in November.

Ride 'im, Cowboy!

Truman's Veto Of 'Basing Point' Bill

By DAVID LAWRENCE

WASHINGTON

PRESIDENT TRUMAN'S veto of the so-called "basing point" bill is a typical example of how government is run nowadays.

David Lawrence

For more than a year now, a bill which was passed by both the house and the senate has been the subject of a prolonged attack by a small group who have held up action on the conference committee report. Finally, two weeks ago, it went to the White House.

The measure itself had the endorsement of the attorney general and the secretary of commerce and the two leading Democratic antitrust legislators in the house and the senate—Representative Celler of New York and Senator O'Mahoney of Wyoming —both of them chairmen of important committees dealing with monopoly in business.

Not a word had come from the administration that it disliked the measure. Then, just as the bill would have become law in the absence of any action by the President, a veto message was sent. There are not enough votes to enact the bill over the veto. It is a safe assumption that the President never wrote the veto message, and it may be doubted whether he understands the complex economic controversy that has developed about the legislation.

SOMEHOW a veto message was written for him backed by pressure groups and advisers whose identity isn't revealed to the public. The result is that a confusing Supreme Court decision, seeking to correct ambiguities, is now the law of the land. It upset the distribution practices of the past by concurring with a Federal Trade Commission attack on methods of pricing which include the freight costs. The effort of Congress to clarify this point has failed because a politically minded President accepts the recommendations of a reactionary clique.

The proponents of the veto are claiming that monopoly has been defeated. Quite the reverse is the truth. Local monopolies have been encouraged and the total price to the consumer will rise.

The President's veto message represents a milestone in the economic life of America. It fixes the theory of the protective tariff and the theory of monopoly price as a permanent part of the Democratic party platform and makes a mockery of the idea that the leadership of the party is today "liberal." It has turned the clock back to the reactionary days of the 1920's and has encouraged monopoly and price-gouging instead of competition from which the consumer would benefit.

-:-

SOME OF THE Democrats and Republicans who voted for the bill did so on the mistaken expectation that branch plants would be built in their areas and that the large companies would be forced to do this in order to retain the volume of business previously enjoyed. Since they could not ship into these areas and set their price to cover the freight, it has been argued that they would have to establish a string of plants. This made local politicians look eagerly for new industries. The opposite will happen.

The larger companies cannot afford at present-day costs to build branch mills or plants, so they will leave the local areas to the local monopolies. Likewise, the latter will not give the consumer the benefit of nearness to a mill. They will set their prices as close to the freight barrier as they can. It's the vice of the old protective tariff over again.

Some of the Democrats are saying that perhaps the President's message will put a restraining hand on the federal trade commission and that the latter will not prosecute those firms which attempt to compete by absorbing a part of the freight rate. This merely emphasizes the trend in the administration, which is to grab more and more power and decide each case as it suits the politics of the region.

The lawyers who lobby before government agencies will have more and more cases. The business men of America will not know from one day to another just what they can or cannot do about absorbing freight rates.

All this will add to the inflationary spiral and make remote an American distribution system at lower prices—the most necessary factor if the purchasing power of the dollar is to be increased and real wages are to be raised. It's certainly an odd thing to find a so-called "liberal" administration lining up on the reactionary side of American economic policy—to protect monopoly and penalize the consumer.

TV Likes Old Movies

By HOWARD C. HEYN

HOLLYWOOD

WHILE the cinema side of Hollywood is turning out seven or eight crisp new pictures a week, television is sopping up 60 oldies.

The feature films you see at home have lost their boxoffice appeal. They're strictly from the archives. Otherwise TV wouldn't get 'em. And yet these venerable flickers are earning higher fees for third and fourth TV showings than they did for first video runs.

People will still look at them—if they don't have to buy tickets.

Such is the paradox that has developed from the refusal of major studios to provide television with reasonably recent pictures. But can you blame the movie producers? Film companies have fortunes invested in cinema houses. Are they going to dump these theatres in favor of the living room circuit? Not any sooner than they have to, anyway.

Even old films are in short supply. Heaviest user of pictures among the seven local TV stations is KECA, the ABC network outlet. George Boggs, director of film programs, says he uses 50,000 feet of film a week—features, shorts, westerns, comedies, commercials.

KECA-TV bills 16¼ hours of pictures every week. KNBH (NBC) shows films only 3½ hours a week, and KTTV (Times-CBS) 2 hours. Figures for other stations are KTLA 12¾ hours, KLAC-TV nine hours, KTSL seven hours of westerns and 2½ hours of features, KFI-TV 2½ hours.

None of the networks makes its own feature films for television. They may, later. A couple have acquired old movie studios. Independent TV movie producers can't begin to meet the demand, at prices today's sponsors will pay.

That's why vintage pictures (with a few slightly newer British films) are populating the parlor with such resurrected luminaries as Janet Gaynor, Charles Farrell, Dolores Costello, Mary Astor, Tim McCoy, Hopalong Cassidy (sometimes known as Bill Boyd) and Hoot Gibson.

Boggs estimates that TV stations in Los Angeles alone will spend $1,000,000—maybe $1,500,000—for such ancient material this year.

Other sources hint that film fare ultimately will cost more than live TV shows. Movies are that popular. And already certain cinema producers are asking: "Why should we rent even the old pictures to television when we can re-release them in theaters?" They are re-releasing some of them.

What coaxial cables will do to this situation is only a pointless guess, since transcontinental TV networks are still a fluttery gleam in the cathode eye.

Health To You

By EDWIN P. JORDAN, M. D.

Isolating Polio Victims Important

ALTHOUGH there is much still to learn concerning polio, the cause is now known to be a virus, which is a tiny living organism too small to see under the ordinary microscope. This virus is difficult to grow outside the human body, but it has been possible to study it in monkeys and in a few other experimental animals.

Dr. Jordan

Consequently, it is now known that there are at least two kinds of polio viruses and possibly this is the reason why second attacks of the disease have been reported once in a while.

How is this virus spread? Probably it is from fairly close contact between someone harboring the virus and a susceptible person. The virus has been found in waters contaminated by human waste and on flies, but it is likely that human infections are usually contracted by fairly close contact.

It is believed, too, that the incubation period—that is the time between the exposure to the virus and the development of symptoms—is between one and two weeks.

It is also believed that most people who have not had polio are susceptible to the virus and that children from 1 to 16 years of age are as a group more susceptible than older people although polio also attacks older people occasionally.

Since there is no known way of preventing polio, what precautions can be used? Early diagnosis is, of course, particularly helpful.

At present it is recommended that polio patients be isolated, that is, kept away from others—for one week from the beginning of their illness or from the end of fever. The secretions from the nose and throat and intestinal discharges contain the virus and should therefore be disposed of as quickly and as safely as possible.

Other than these measures the general opinion is that about all that can be done is to take certain steps in general control such as to be aware of unusual outbreaks of polio, to isolate children who have fever until the diagnosis of its cause has been found, to keep children away from unnecessary contacts such as crowds or movies, to avoid excessive physical exercise and to postpone any but urgent operations around the nose, throat or mouth.

These preventive measures do not need to be taken, however, except in those areas in which there is an unusual amount of polio; parents should not feel that they must restrict the activities of their children all summer unless there is a more than average amount of infantile paralysis in the community.

Out Of Shape

By HAL BOYLE

Women Lack Needed Symmetry

NEW YORK

THE WORLD is out of shape today—and so are more than eight out of 10 American women.

This melancholy statistic isn't based on one man's roving observation. It comes from the Corset and Brassiere Association of America.

Hal Boyle

"Of the 35,000,000 U. S. women above the age of 15, at least 85 per cent are overweight, or lack symmetry in the vicinity of bosoms, waist or hips," said Fletcher O. Dodge, executive vice president of the association.

What depresses me about this estimate is that Fletcher doesn't even include the women with jut jaws, knobby knees, bowed legs, suitcase feet, or blacksmith's biceps.

No, all he surveys is the corset zone. To correct nature's errors in this area the women of America in 1950 will spend $400,000,000 or more for girdles, pantie girdles, brassieres, bandeaux, corsets, corselettes, falsies and garter belts.

Every year about this time—the opening of national corset market week—Fletcher reviews the status of the American feminine shape. He is a stern critic and invariably finds something wrong with it.

-:-

HERE, GIRLS, is his prediction of the fashionable figure for this autumn:

"An even slimmer, narrower hipline . . . . waistline slightly less indented . . . bustline more softly rounded."

And what about falsies?

"More and more women will be wearing them," Dodge said flatly. "As one designer in the foundation garment industry points out, 'women are no longer abashed to admit they've helped nature along a bit. Falsies have come into their own.'"

Fletcher says the American woman has grown taller and wider-hipped in the last five years, but that she still prefers the same shape that has been popular for the last half century.

"If women want us men to watch their figures," he warned, "they have to watch them first."

Here is his latest breakdown of the composite American woman:

Height—5 feet 3 inches; weight—133 pounds; bust—35½ inches; waist—29 inches; hips—38 inches.

And, a bit gleefully it seems, Fletcher added still another dismal fact:

"Of 1,661 women measured in a Department of Agriculture study, only 126 qualified as 'the perfect 36.'"

-:-

DESPITE their reported gain in hip width, most American women appear to be more concerned with bosom problems.

"Brassiere output has quadrupled since 1927, increasing from 25,000,000 to about 100,000,000," said Dodge. "They will account for about $188,000,000 of the $400,000,000 spent for all types of foundation garments."

His survey shows that Milwaukee is probably the most bra-and-corset-conscious city in the nation.

"There 96.5 per cent of all families buy some type of foundation garment," he said.

Fletcher isn't proud about the ladies on the West coast.

"Women in the Pacific coast area are more likely to wear brassieres and less likely to wear girdles and corsets than are those in other sections of the country," he said.

Looking Backward

FORTY YEARS AGO — Mrs. Albert Hayes of Garfield ave. went to Cleveland Wednesday to attend the commencement exercises of the medical department of Western Reserve University. Her nephew, James Hobson, is a graduate of this class.

Mrs. J. G. Woodruff and daughter, Carolyne, returned yesterday from a visit with Mr. and Mrs. H. K. Green of Elyria.

TWENTY-FIVE YEARS AGO — Mrs. W. A. Kirtland and Mrs. Toban were welcomed as visitors at a gathering of Star Club members at which Mrs. W. E. Townsend was hostess Wednesday at her home, Goshen rd.

Pittsburgh fans, ever a mercurial lot, have turned their backs on the Pirates because of the club's inept performances and are calling loudly for somebody's head, preferably that of Barney Dreyfus. He, rather than Bill McKechnie, has been blamed for the mid-winter deal whereby the Pirates gave up 50 percent of an all-star infield and received in return 100 percent of jolly old Barnum.

TEN YEARS AGO — Britain's new chief, Winston Churchill, gained a unanimous "win-the-war" mandate in parliament after he warned that "without victory there is no survival" either for the British empire or what it represents.

French military spokesmen declaired that the German advance through southern Holland and Belgium appeared to be checked.

FIVE YEARS AGO — Mort Cooper, star righthander of the World Champion St. Louis Browns, staged the third chapter of his salary rebellion when he walked out on his scheduled stint against the Braves yesterday. The Cards lost the doubleheader, dropping them eight full games behind the National league leading New York Giants.

The Okinawa campaign is slowly shaping into a decisive phase with the Sixth Marine division battling to broaden a bridgehead in the capital city, Naha, and three divisions closing on the fortress city of Shuri from three sides.

IT COULD HAVE HAPPENED ONLY IN AMERICA!

OUR AMERICAN GOVERNMENT WAS THE FIRST NATIONAL GOVERNMENT IN THE HISTORY OF THE WORLD THAT DID NOT TAKE AWAY FROM THE PEOPLE THEIR HUMAN RIGHT TO BE FREE!

AMERICAN PEOPLE HAVE BEEN FREE TO CHOOSE THEIR WORK-FREE TO INVENT NEW PRODUCTS AND MACHINERY-FREE TO RISK THEIR MONEY IN BUSINESS AND INDUSTRY-FREE TO COMPETE WITH OTHERS FOR JOBS OR CUSTOMER'S BUSINESS-FREE TO CHOOSE THE PRODUCTS THEY WANT-FREE TO USE THEIR TALENTS, AMBITION AND COURAGE TO EARN A BETTER LIVING FOR THEMSELVES! AND FREE AMERICAN PEOPLE HAVE PRODUCED THE HIGHEST SCALE OF LIVING IN THE WORLD!

NEITHER COMMUNISM, FASCISM, SOCIALISM NOR ANY OTHER GOVERNMENT-CONTROLLED "ISM" HAS GIVEN PEOPLE AS MUCH AS FREE AMERICANS HAVE EARNED FOR THEMSELVES!

HERE'S THE REASON WHY—

AMERICAN GOVERNMENT WAS FORMED TO PROTECT

EVERY MAN IN HIS RIGHT TO LIFE, LIBERTY AND THE PURSUIT OF HAPPINESS SO LONG AS HE DID NOT INTERFERE WITH THOSE SAME RIGHTS OF OTHERS.

GUARD YOUR FREEDOM

JUDGE ALL LAWS AND ACTIONS BY ASKING THESE QUESTIONS

1. Does this law or action protect the right of every man to life, liberty and the pursuit of happiness
   —OR—
2. Does it give a special benefit to a privileged group?

FOREIGN GOVERNMENTS PROMISE TO PROVIDE

EVERY MAN WITH SECURITY AND ABUNDANCE, FREE FROM WANT, FEAR AND DEPRESSION, IF HE GIVES UP HIS FREEDOM

WHICH DO YOU CHOOSE?

Virginia Young Is Bride Of Joseph DePietro Saturday

ST. PATRICK'S Catholic Church, Leetonia, was the scene of the lovely wedding of Miss Virginia Young of Leetonia, and Joseph DePietro of Wilson st., at 9 a.m. Saturday. Rev. Fr. W. W. Maund was celebrant for the nuptial mass. He performed the double ring ceremony.

A Girl's Choir sang "Ave Maria" for the offertory and "On This Day Oh Beautiful Mother" for the recessional. Miss Brady was the organist.

White candles lighted the altar which was profusely decorated with mock orange blossoms. Ends of the pews were also marked with bouquets of orange blossoms.

Given in marriage by her brother, James Young, the bride's gown was created of white marquisette over taffeta and trimmed in eyelet embroidery. It was styled with a sweetheart neckline, long sleeves, fitted bodice and a full skirt entrain. She completed her costume with a tulle finger-tip veil attached to a Juliet cap, with seed pearl trimming. White carnations formed the bouquet she left at the side altar. For the recessional she carried a prayer book topped with a white orchid and white streamers. The strand of pearls she wore was the groom's gift.

Mrs. Charles Galchick of Salem, sister of the groom, was matron of honor. Her aqua marquisette gown over taffeta was lace trimmed. Pink and white carnations were combined in her Colonial bouquet. Her multicolored ribbon halo had a carnation on either side.

Miss Catherine Murphy of Leetonia, bridesmaid, was attired identically to the matron of honor, with the exception of color, her outfit having been pink. She also carried a Colonial bouquet.

Paul Galchick of Salem served his brother-in-law as best man. Henry Sypko of Salem seated the guests.

Mrs. DePietro wore a two-piece grey dress and complemented it with white accessories. Her corsage was of pink carnations.

A dinner for the family and guests was served at Barnetts. A five-tiered wedding cake was topped with an ornament.

For her honeymoon trip to Washington, D. C., the bride wore a white suit, navy accessories and an orchid corsage. The new Mr. and Mrs. DePietro will reside on Wilson st.

A graduate of the Leetonia High School, the bride was employed at the Roose Drug Store, Leetonia.

Mr. DePietro is the son of Mr. and Mrs. Victor DePietro of Wilson st. He graduated from Salem High School and is employed as produce manager at the Kroger Super Market.

The bride remembered her attendants with necklaces while the groom gave his attendants tie pins with chains.

Elanor Detrow Bride Of Raymond Kurtz

WHITE CANDLES in two seven-branch candelabra flanked an attractive setting of palms and ferns for the wedding of Miss Marie Elanor Detrow, daughter of Mrs. Vertie Detrow of Middle st., Columbiana, and Raymond L. Kurtz, son of Mr. and Mrs. Earl R. Kurtz of R. D. 5, Salem, at 7:30 p. m. Saturday in the Leetonia Mennonite Church. Rev. S. A. Yoder, pastor of the church read the service.

The wedding melodies were sung by a quartet composed of Mr. and Mrs. Joseph Burkholder, Jr., and Mr. and Mrs. Lester Rice. Their numbers were: "I Love You Truly," "Oh! Perfect Love" and "Oh!- Happy Home."

Miss Detrow made her own lovely bridal gown of slipper satin and lace. She completed her costume with a finger-tip veil, which was caught with a satin and tulle tiara. She carried a white satin-bound Bible topped by a white orchid.

Bridesmaid, Miss Anna Marie Kurtz, sister of the groom, was costumed in shell pink taffeta and carried a bouquet of pink roses and white daisies. Arthur Detrow of Columbiana, brother of the bride, was best man. Ushering were Eugene Huffman of Salem and Albert Blosser of Columbiana.

The bride's mother was attired in a gray silk print, while the groom's mother appeared in a brown chiffon dress. Both wore corsages of white carnations.

Fifty-six guests attended the reception at the bride's home. A traditional wedding cake was served with the refreshments. Miss Mildred Detrow, sister of the bride, Mrs. Victor Kaufman and Mrs. Albert Blosser assisted in serving. Miss Doris Detrow nad charge of the guest book.

The bride graduated from Fairfield High School in this year's class. Her husband is a graduate of Greenford High School and is employed by the Mullins Mfg. Corp.

The new Mrs. Kurtz also made the green wool garbardine suit she wore on a honeymoon trip to Niagara Falls, Thousand Islands and points in Maine. Upon their return they will reside in their newly furnished home at the Kurtz Farms, near Washingtonville.

After the wedding rehearsal Friday evening, the group went to the home of the couple for a buffet lunch. Gifts were presented attendants and the ushers.

Trinity Choir Hears Mrs. Bloomberg Speak

NEW HUNDREDS OF THOUSANDS OF OHIO CAR OWNERS NOW GET HIGH-TEST PERFORMANCE WITH

Ohio's new High-Rated Gasoline
...at regular gas price
GIVES YOU ALL THESE X-TRAS:
X-TRA...POWER without knock.
X-TRA...OCTANE...exceeds premium standard!
X-TRA...ANTI-KNOCK...at all speeds!
X-TRA...MILEAGE...better, even than mileage-famous X-70!
X-TRA...ECONOMY...slashes premium performance cost for 400,000 Ohio cars!
X-TRA...PICK-UP...smooth, gliding, acceleration!
X-TRA...GUM-FREE. Made without gum...protected against gum.
X-TRA...ANTI-RUST. Special solvent oils prevent rust...inhibit carbon.
X-TRA...FAST STARTING in all weather!
X-TRA...FAST WARMUP that saves gasoline!
X-TRA...SEASONIZED...changed 4 times yearly to meet Ohio's needs!
X-TRA...BALANCED power, octane, mileage components for peak all-round performance!

Good as we've made X-TANE, neither it nor any other regular priced gasoline will completely satisfy a few super sensitive car engines. Today's most advanced high compression cars, and some older cars with engine deposits that increase compression or that have special mechanical problems will require the extra high octane of Sohio Supreme. Let your car's engine tell you which Sohio gasoline you should use. Both are tops in their field. Judge for yourself.

Sports ROUNDUP
OPINION---GOSSIP---NOTES--

YESTERDAY'S STARS: Batting: Marv Rickert, White Sox—Homered in the last of the 11th to give the White Sox a 4-3 victory over the Washington Senators. Rickert also singled to open the ninth and eventually scored the tying run on a long fly by Nelson Fox. Pitching: Cliff Chambers, Pirates—yielded only four hits—all singles—in besting Warren Spahn in a pitching duel as Pittsburgh defeated the Boston Braves, 1-0.

Jake's Opponent

THE world middleweight championship may be going for another trip across the ocean, this time as the personal property of Tiberio Mitri, the unbeaten and un-floored Italian holder of the European title.

—by— LAWTON CARVER —INS—

In his only American appearance, Mitri met a none too robust foe in Dick Wagner, but he looked like a fellow who knew his way around the ring in belaboring Wagner at will.

Jake LaMotta figures to make it tougher, but he is about ready to be had and the International Boxing Club has come up with a more interesting fight by substituting Mitri than by using Rocky Graziano as challenger.

Mitri got his chance when Graziano pulled out with a bad hand and Welterweight Champion Ray Robinson turned down the crack at LaMotta.

Mitri leaped at the chance to take the fight and yesterday agreements were reached whereby Lamotta's first defense of the title he won from Marcel Cerdan a year ago will be made at Madison Square Garden on July 12.

Mitri cannot punch like a Graziano, but he can box and fight and counts himself a lucky fellow to be thus elevated into the role of challenger after so short a stay in this country. He came over only last spring. He might have cooled his heels for months.

He thinks he is a cinch to beat LaMotta. After he outpointed Wagner, all he talked about was a crack at the champion. He was less eager to take on Ray Robinson immediately, which make that virtually unanimous.

There may be one catch to all this yet. LaMotta, like Robinson and Graziano, is one of the least dependable fighters in the business. He pulled out of his second bout with Cerdan, who later died in a plane crash.

However, LaMotta may show up for this one as scheduled at Madison Square Garden. At a $15 top price a near capacity seems to be indicated for the international tussle for a title. LaMotta has an abiding fondness for collecting purses and this will give him his first big cash-in as champion.

Mitri will be there for sure unless they put him in a strait jacket the night of July 12 and tie him up somewhere. He too is a purse collector of great talent and beyond that as eager as a man can be for this crack at LaMotta's title.

Dixon's Daily Dozen

ISN'T it curious how quickly a fellow can get into public favor, after being confined to the doghouse? And vice versa.

• We're referring to the sudden emergency of Lucious "Luke" Easter from a target for boos to a position of at least half-hearted tolerance by the Cleveland fans.

We saw big Luke come up to the plate in the first inning of Friday's game and he was greeted by a torrent of inverted cheers from the majority of the crowd.

• He beat out a fluke infield single on his first try and the booing didn't seem to decelerate to any noticeable extent when he appeared for the second time.

• That time he buzzed a clothes line into right center field for a legitimate base knock. A few scattered cheers greeted his effort.

• Finally, the big boy came to bat just after Dale Mitchell had almost decapitated Alex Kellner with the vicious liner. Bob Kennedy was on base and the score was 1-1.

• He tied into a fat pitch of Carl Scheib's and sent a towering liner to deep left center field. It cleared the fence with about 20 feet to spare and dropped on the track for a home run.

• The long punch won the ball game for the Tribe and Easter was the big gun.

• As he rounded the sacks he was accorded the first Cleveland cheers he's heard all season. Unlike Ted Williams he tipped his cap to the wolves.

• We heard the other day that Easter may react to the trade of Mickey Vernon much as Al Rosen did when Kenny Keltner was released.

• Beginning with the recent eastern trip by Cleveland, the 6 ft. 4 in. first sacker began to belabor the ball and rapped it for a .360 average on the tour.

• His batting since returning home has been more pleasing than it was the first two months of the campaign. If he keeps it up, he's likely to hear more of those strange sounds. Cheers.

Wahl, who has coached at nearby Coventry High for two years, will replace John Griffith, resigned. His appointment was confirmed by the board of education yesterday.

Snead Favored To Retain PGA Crown

Sam Fires 71 Practice Round

Qualifying Play To Begin Wednesday

By FRITZ HOWELL

COLUMBUS, O., June 20—(AP)—Drawling Sam Snead, the balding belter from White Sulphur Springs, W. Va., looks like a pretty fair bet to retain his PGA championship in the $40,000 classic opening tomorrow.

Always serious when money is mentioned, Sam seems downright retermined to hang on to the title—and incidently to pick up the $3500 prize which goes with it.

Most of the 129 qualifiers for the mid-century event were on hand today for their last free ride around Scioto Country Club's tricky 7032-yard layout — a course studded with traps, humpbacked fairways and hard-to-figure greens, not to mention some pretty rugged rough.

At least 80 wheeled around in practice sessions yesterday, and as usual Snead had the gallery. It was his first look at the battleground, but he clipped a stroke off par with a 37-34—71, getting a birdie on the last hole.

He had a few friendly bobs hanging on the result of his round against that of "Skip" Alexander. On the 440-yard second "Skip's" tee shot squirted off the tilted fairway into deep rough, but Alexander cut the ball out with a terrific swipe and landed it inches from the cup which was about 160 yards away.

Snead, gazing over the fence along the fairway, told Alexander:

"If it had gone in, I'd have quit right here and gone over there to help that lady hang out her wash."

-:-

SAM WASN'T satisfied with his 71. He walked off the 18th green to the practice grounds and worked out with every club in his bag. Then he returned for another nine-hole jaunt. He came in with a 33, missing par once and getting four birdies, and it could have been better but for two pesky putts under four feet which failed to fall.

Alexander and Les Kennedy of Pawtucket, R. I., had 68's to pace the practice round, Skip with 34-34 and Les with 35-33. Ralph Hutchison of Bethlehem, Pa., who carded a 31 on the front nine Sunday, only to finish with 69, zoomed through the home stretch in 32 yesterday.

Most of the others didn't keep scores, playing several balls from various spots on some of the trickier holes.

The field of 129 will play the first half of the 36-hole qualifier tomorrow and the second round Thursday to determine the 63 who will go into the match play bracket with Snead for the man-to-man matches ending the following Tuesday. Snead, as champion, is exempted from qualifying but will fire the 36 medal play holes anyway. A prize of $250 goes to the leader.

If you like hunches, you might string along with Sam Byrd, the former Yankee outfielder from Detroit. Sam found a four-leaf clover right beside the practice green where a hundred entrants had walked over it yesterday. He picked it up, gazed at it fondly and said:

"Now that might mean something. Yes sir, it might, at that."

Dodgers Are Tough In Their Own Park

By JOE REICHLER
(Associated Press Sports Writer)

Tip to the National League clubs—don't bring a winning streak into Ebbets Field. Those unsympathetic Brooklyn Dodgers are sure to crack it.

First it was Philadelphia. The young, eager Phillies stormed into Ebbets Field on Memorial Day in first place as a result of winning five of their previous six starts. The Brooks immediately polished them off twice to knock them off the top perch.

NAT. LEAGUE HIGHSPOTS

Then it was St. Louis. The Cards came into Brooklyn last Friday leading the league by three and a half games. The Dodgers thrashed them three straight times to send them limping away with only a half-game lead.

Last night it was New York. The Giants moved in with four wins in their last five starts. Another triumph would boost them into a fifth place tie with Chicago.

But it was not to be. Led by Jackie Robinson and Carl Furillo, the Dodgers dusted them off, 8-5, for their fourth victory in as many meetings with their interborough rivals.

The victory, Brooklyn's fourth in a row, moved the Dodgers into an exact first place tie with the idle Redbirds. Each team has won 32 and lost 20.

The Braves fell three games off the pace last night when Cliff Chambers of the Pittsburgh Pirates bested lefty Warren Spahn in an old-fashioned 1-0 duel.

In the only American League game, the Chicago White Sox nipped the Washington Senators, 4-3, in 11 innings. Outfielder Marv Rickert's home run in the 11th enabled Randy Gumpert to gain his first victory of the season. He pitched two scoreless innings of relief. The Sox tied the score at 3-3 in the ninth when Nelson Fox, who scored the first Chicago run, flied out to send in Rickert from third.

Crippled Yankees Play Tribe Tonight

CLEVELAND, June 20—(AP)—Their confidence buoyed by a six-game winning streak, Cleveland's Indians open a three-game series tonight with the New York Yankees.

The Tribesmen were in good shape for the engagement, but three Yankees were on the ailing list.

Joe DiMaggio, their slugging outfielder, was bothered by a leg cramp, relief pitcher Joe Page has a shoulder ailment and outfielder Tommy Henrich didn't even make the trip because of an injured knee.

"I'm hoping DiMaggio will be all right, but I won't know for sure until he gets to the ball park before the game," Casey Stengel said.

The Yankee Clipper had to leave the second game of New York's double header in St. Louis Sunday because of the cramp.

Page said he had an ailment in his shoulder which is "not what you'd call a pain, but an ache that I just can't shake."

Henrich is in Lawrence, Kan., where Forrest Allen, Kansas University basketball coach and an osteopath is treating his knee.

Bliss Wins 7th Game Of Season

CIO Upset In Class A League; Mullins Win

Still rolling along with a comfortable first place lead of two games, the Bliss Cardinals added their seventh victory of the season and second of the new round Monday night. They took over the Sanitary last night 7-1 on the five hit twirling of Wayne Russell.

Mullins won their fifth tilt of the year, topping the Electric Furnace 4-3 in the other AA game.

A resounding upset occurred when the lowly Fisher News team pinned a surprise 4-2 defeat on the Class A leaders, CIO. Butler Grange won 8-7 over Terminal Tavern, another unexpected result.

Bliss slapped out 11 base hits against Jim Boone, Sanitary moundsman and wrapped up the game with a four run rally in the third frame. Court and Miller each got a pair of hits to pace the batting, while Sapan had two for the losers.

"Mutt" Schaeffer of Mullins had himself a five hitter against the Furnace, winning a tight game. Marsh Sutherin of the Furnace gave Mullins only six raps, but his team trailed throughout the game. Hrvatin had two safeties for the winners.

Fisher News scored their four runs in the last three innings to win over the CIO. They got two in the seventh and hung on through a CIO rally in the last of the inning.

Bill Sheen of Fishers allowed just two hits, while his team got six, led by Field, with two.

A big six run fourth inning paved the way for Butler Grange's triumph over Terminal Tavern. They fell behind 7-6 in the sixth, but came back to get two of their own in that frame to provide a one run margin.

Mercer, the Butler pitcher, also led the batters with three hits. Queen of Terminal also had three.

Boosters To Discuss Fieldhouse Question

The first summer meeting of the Salem Boosters Club will be held at 8 p. m. Thursday in the Memorial building, expressly to discuss the proposed gym-auditorium for Salem High.

President Tim Hoopes said today he was "100 percent in favor of the plan" and that he hoped the Boosters may be able to do something to assist the board of education in making the new building a reality.

He urged all Booster members who are interested to attend the meeting.

The board of education has $100,000 in fund which may be used to construct a 2,000-seat gym-auditorium at the Fourth Street school site, if an additional $175,000 can be raised.

Jack Comeback

Beau Jack, former welterweight champion of the world, will meet Johnny Edington of Youngstown, O., in a 10-round bout at Atlanta, July 17. It will be the first fight in Atlanta for Jack, a native of nearby Augusta, Ga., since he lost his title to Ike Williams of Trenton, N. J., July 12, 1948. Jack has been going well lately. He knocked out Lew Jenkins, former lightweight champion, and outpointed Boston's Johnny Padiente, who had won 42 consecutive bouts.

The current season of harness racing at Roosevelt Raceway is the 11th campaign for the Westbury, N Y, track.

Fred Cope Winner In Golf Tournament

F. E. "Freddie" Cope, erstwhile track meet manager, turned to another field of sports endeavor Sunday and won the Salem Golf Club's weekly tournament.

He fired a sharp 35-44—79 to take first place in the 18-hole medal, full handicap tournament. His 14-stroke handicap gave him a net score of 65. His 35-stroke first round was one under par.

Eddie Pukalski, Rudy Schuster and Merv Thomas tied for second place, each with a net 70. Schuster shot a 74, Pukalski had 76 and Thomas fired an 84.

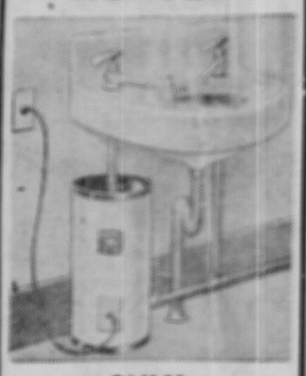

In the Class B flight, Jim Britt Sr. tied with R. C. Blair of Lisbon for top honors. Both had net scores of 71, Britt shooting an 86 and Blair getting 88.

Bill Blount finished third with 87-15—72. Don Beattie (88-15—73) and Dick Sekely (90-17—73) tied for fourth.

Ralph Kiner this season is shooting for Pie Traynor's Pittsburgh Pirate record of knocking in 100 or more runs five years in a row.

Stewards Consider Marietta Site Today

MARIETTA, O., June 20—(AP)—The Inter-Collegiate Rowing Association board of stewards today is considering a formal invitation to run its 1951 Regatta at Marietta, O.

The events, formerly held at Poughkeepsie, N. Y., were run off at Marietta this year. But a cloudburst created a current in the Ohio river and caused officials to shorten two races from three miles to two.

However, rowing chairman Roger Copeland of Marietta doesn't think such a thing will happen again until the turn of the century. He said :

"We just couldn't help the cloudburst. It wouldn't happen again in 50 years.

"Look at Indianapolis," he continued. "They had to cut the speedway course from 500 miles to 345 miles because of rain. And no one is talking about moving the course out of Indiana."

Poughkeepsie and Seattle, Wash., probably will bid for the Regatta.

Report Jachym May Pull Out Of Nats

JAMESTOWN, N. Y., June 20—(AP)—A report that John Jachym is about to sell a 40 per cent interest in the Washington Senators awaited confirmation or denial today.

The Jamestown Post-Journal says the 31-year-old former Marine Corps captain is pulling out of the Senators because of differences with Clark Griffith, head of the American League club for 30 years.

According to the newspaper, H. Gabriel Murphy, a Washington insurance man, either is handling the deal or is buying the interest himself.

Jachym could not be located at his home here or in Washington.

Griffith said in Washington he had "heard somebody was trying to buy the stock, but I don't know who it is."

INSURE YOUR FUTURE WITH THIS SMALL SUBURBAN FARM!!

This property has 16 acres of fertile soil and is located only two miles from Salem in a very good farming neighborhood. It is improved with a good comfortable 7-room house which has electricity, forced air heating system and bath, water supplied from drilled well by electric pressure system. Good barn 26x30 with stanchions for seven cows. Other buildings include hen house and tool house.

This little farm is in a good state of cultivation; practically all of it can be farmed. It is ideally suited for berries and has plenty of fruit more than enough for home use. This property is perfectly adapted for the man who wants to hold his job in town while raising most of his family's living at home. The owner has cut his price for a quick sale. Very quick possession can be given. This property must be shown by appointment only. For more particulars call

Sunocos Win Over Amvet Girls Team

The South Side Sunocos won a 7-4 victory over the Amvets Monday evening in a girls softball league game at Chisholm's field. Miller, Sunoco hurler, allowed the Amvets only four base hits.

McKenna, pitching for the Amvets, held Sunoco to one run and one hit until the seventh inning, when the winners broke out for six tallies.

Rolfe Doesn't Think Tigers Are Hopped Up

DETROIT, June 20—(AP)—Detroit's amazing Tigers are leading the American League by two full games and the fans here are slightly ga-ga over the prospects of a pennant winner.

But a question was raised today. Are the Tigers playing over their heads?

The answer was an emphatic "No" from Manager Red Rolfe. Here's what he had to say:

"We're a long way from a pennant. But if we keep going and making our own breaks, we can get there. I was glad to see us hit those three home runs Sunday (against Boston). We're still weak in that department, especially at home. It takes a lot of runs to win these days—the homer is the easiest way to get them."

Wakefield Hits .216

OAKLAND, Calif., June 20—(AP)—Dick Wakefield, the highest paid baseballer on the west coast, is batting only .216, after 11 games for Oakland of the Coast League.

But his new bosses aren't complaining. They predict he will be worth every penny of nis $17,500 yearly pay. Wakefield, sold to Oakland after a prolonged row with the New York Yankees, may be back in the majors before the season is over, they say.

"We're definitely satisfied," Charlie Dressen, Oakland manager said yesterday. "Wakefield takes the beautiful full swing you don't see very often.

"He's hitting lots of balls, but so far, directly at the fielders. One of these days, he's going to start knocking them in the right place."

Beloit

Wanda Greenawalt, student at Kent State University, Kent, is home for the summer vacation.

Mr. and Mrs. C. R. Klein of Kent and his aunt, Mrs. Mary Cooper, of Mt. Dora, Fla., visited recently with Mr. and Mrs. Harry Israel and Mrs. William McBride.

Miss Margaret Naylor, daughter of Mr. and Mrs. J. S. Naylor has returned to Marion College, where she is a student, after a week's visit with home folks.

Mr. and Mrs. Lawrence Whitla have moved from the Thomas apartment to the home they recently purchased from Mrs. Bertha Stauffer.

Miss Norma Lutz of Alliance, who taught music in the Beloit School last school year, is among the group of 45 college students and teachers to tour Europe this summer. The group left the United States Wednesday, June 14, and will return home in mid-September, leaving Europe on a Cunard steamer and docking at Montreal, Canada.

Miss Barbara Israel, daughter of Mr. and Mrs. Dewey Israel, has completed her junior year at Ohio Wesleyan University Delaware. President of the Monneth Club, Miss Israel also holds memberships in Delta Delta Delta Sorority, Phi Epsilon Omicron Honorary and is secretary of Kappa Delta Pi honorary.

Beloit Council has gone on record in favor of safety signals at the Beloit crossing of the Pennsylvania Railroad; however, the petition for the signals has not yet been presented to the railroad.

Mr. and Mrs. Oliver Ferguson visited in the home of Mr. and Mrs. Ed Hall of Damascus Sunday afternoon, June 11.

Mr. and Mrs. Don Borges and sons, Mike and Philip were Sunday guests of her parents, Mr. and Mrs. E. P. Humphreys.

Mr. and Mrs. Kenneth Ward of California were recent guests of his brother-in-law and sister, Mr. and Mrs. William Notman and family.

Mr. and Mrs. James Manley of Shreve were Sunday, June 11, guests of her mother, Mrs. Emma McEldowney and brother, Willard McEldowney, and family. June McEldowney returned home with them for a visit.

Questions and Answers

Q—What is the standard length of rail?

A—The present standard length of rail is 39 feet. Some railroads use 45-foot rails; some use 60-foot rails at street crossings. A few years ago the standard length was 33 feet, and before that it was 30 feet.

Probe Of Lustron Corporation Looms

COLUMBUS, June 20—(AP)—The much-investigated Lustron prefab house corporation today faced another probe — this time by the Department of Justice.

The Justice Department announced last night it would conduct "without unnecessary delay" an investigation of the Columbus plant's affairs.

There have been several congressional inquiries around Lustron, and indications are that another one is in the making.

The Columbus concern recently was purchased by the Reconstruction Finance Corp. for $6,000,000—the sole bid at a public auction. The RFC had loaned Lustron some $37,500,000 and had been repaid only $1,000,000.

Ohio Village Council To Fire Police Chief

CLEVELAND, June 20—(AP)—The council of little Highland Heights village early today voted 6-2 to discharge its 58-year-old police chief on charges he "consorted" with the mayor's wife and otherwise misused his duty time and the village car.

The dismissal vote came after five and a half hours of testimony.

The council held Police Chief Faye F. Dalrymple, only full-time employe in the little community of less than 500, was guilty of "malfeasance and misfeasance of duty in that he parked the village car at the mayor's house, consorted with the mayor's wife, and by using the car on village time deprived the village people of proper lawful protection."

The mayor, 40-year-old Clem Ley, told the council the "affair" of the chief and Mrs. Ley "has caused me great discomfort." Mrs. Ley declared she had "a clear conscience," and said the chief's visits were strictly business.

E. Liverpool Police Can Tell At A Glance

EAST LIVERPOOL, June 20—A pedestrian's apprehensive glances at a passing police cruiser last night resulted in the arrest of a suspect in a Defiance County check case.

Police Captain Chester Smith and Patrolman America Radeschi noted Everett Lawson's look of alarm as they cruised by. Taken to the station on a hunch, police said he admitted he is wanted in Defiance on a grand jury indictment for issuing worthless checks.

Lawson, 38, told police he arrived here a short time before being picked up.

RENT EXAMINER ABSENT

No representative of the area rent director's office will be at the Salem postoffice this Thursday. James E. Willey, rent examiner, said a representative will be here July 6 to assist landlords and tenants with rent problems.

WILLIAM NEEDHAM, installed last night as commander of Charles H. Carey post, American Legion, receives the congratulations of William Schaeffer, retiring commander, as other new officers look on. In the background, left to right, John Stewart, first vice commander, Phillip Stevens, second vice commander and Chester Kridler, adjutant.

Past commander Everett Rich also installed Richard Strain as treasurer and William Sheen as sergeant at arms. Delegates to district and state conventions were announced. They are: Needham, Schaeffer, John Herman and Clifford Beck; and alternates John Stewart, Wade Loop, Stan Kubas and Leon Kuniewicz. The post auxiliary prepared special cakes for the lunch following the installation.

Taxi Driver Admits Killing Girl, 18

ST. CLAIRSVILLE, June 20 — (AP) — Authorities said today George Doty, a married taxi driver, signed a statement he beat 18-year-old Alma Montag to death in a lover's lane tryst.

Prosecutor William Irwin said the 28-year-old Bellaire man admitted the slaying last night after a lie detector test at the London prison farm.

"I don't know why I did it," Irwin quoted Doty.

Doty was picked up after the girl's beaten body was found in a field Saturday morning.

A SHORT SUMMER

How could the weatherman make such a mistake! Believe it or not, when Mrs. Robert Groner of the Damascus rd. went out in her yard Sunday morning to pick up a pan of water left there the night before she found it covered with ice. She could hardly believe her eyes and called her husband eo verify the fact. The ice was as thick as a pane of glass.

SHIPS HIT MINES, SINK

HONG KONG, June 20 — Two blockade runners were reported to have struck mines and sunk at the mouth of the Yangtze off Shanghai yesterday. Fifteen persons were said to have been killed.

FBI Chief May Get 300 Extra Agents

WASHINGTON, June 20 — (AP)—J. Edgar Hoover's campaign for 300 additional FBI agents to hunt down Communist spies appeared today to be tabbed for victory.

The house appropriations committee and a senate appropriations subcommittee were reported to have agreed to approve the FBI director's request.

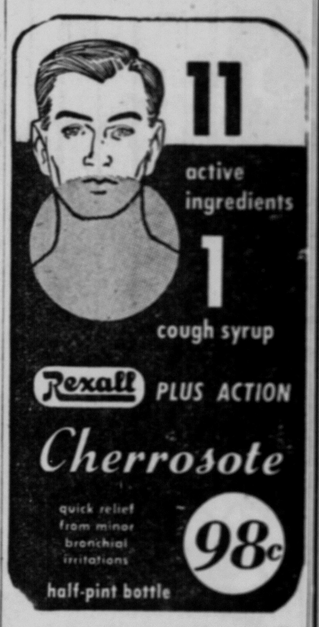

The senate subcommittee's recommendation is expected to be accepted in turn by the full appropriations group and the senate.

Hoover told senators two months ago in a secret session that there are 54,000 known Communists and some 500,000 Red sympathizers in the United States who form a potential fifth column of traitors.

He said at that time that the Communists were more active today than Fascist and Nazi agents ever were during World War II.

The United States has about two billion acres of land of which about half is in farms.

British Ship Sinks In Red Sea; 72 Lost

SUEZ, Egypt, June 20—(AP)—The British freighter Indian Enterprise exploded and sank in the Red Sea yesterday, and 72 crewmen are missing, agents for the vessel announced today.

Only one member of the crew of 73, an injured man, was rescued after a blast tore the ship apart about 300 miles south of Suez.

Spokesmen for the agents said the 7,100-ton ship, en route from London to Indian ports, was carrying 580 tons of explosives consigned to the Indian government.

The vessel, which carried no passengers, was officered by Britons. The crew members were mostly Indians.

Deputies Escort Prisoners To Jail

LISBON, June 20 — Three Columbiana county men were escorted to prison today by Deputy Russell VanFossan and Special Deputy Leon Zarndt. Duane Koontz of Salem was taken to the Mansfield Reformatory to begin a one to three year sentence for non-support; Norman Corrie of East Liverpool was taken to Mansfield to start a one to 15 year term for burglary and larceny; and Paul Bebout of East Liverpool was taken to the Ohio Penitentiary in Columbus to begin a one to 15 year term for attempted burglary.

RECKLESS DRIVERS FINED

Michael Miller of R. D. 1, Salem, and Horace Jordon of Washingtonville were each fined $10 and costs this morning by Mayor Harry M. Vincent on charges of reckless operation. Both men were arrested by police Monday

BOND SALES SHOWN

COLUMBUS—Between May 15 and June 10 Ohioans purchased $16,321,740 in E-bonds, the U. S. Savings Bonds Division reported today. The current independence bond drive ends July 4. So far 42 per cent of the quota alloted to Ohio has been subscribed, the division said.

Deaths and Funerals

Boughton Infant

Larry Robert Boughton died at 6:50 a. m. Monday at City Hospital just four hours after birth. He was the son of Robert and Mona Cahill Boughton of 928 Morris st.

Survivors include his parents, a sister Linda Ann, maternal grandparents Mr. and Mrs. James Cahill and paternal grandparents Mr. and Mrs. Elbert Boughton, all of Salem.

Burial service was held at Grandview Cemetery this afternoon.

Hutchinson Rites

Funeral service for Thomas A. Hutchinson of 135 Afton ave., Youngstown, who died suddenly Sunday in Cleveland, will be held at 2:30 p. m. Wednesday in the Shriver-Allison funeral home, S. Market ave., Youngstown. Burial will be made in the Tod cemetery, Belmont ave., there.

Friends may call at the funeral home tonight. Mr. Hutchinson was a brother-in-law of Clifford Woods of Franklin st.

Judy Garland Recovers From Throat Wound

HOLLYWOOD, June 20—(AP)—Judy Garland cut her throat in a fit of anguish, her studio disclosed today. The wound is not serious.

Judy failed to report for work on "Annie Get Your Gun" last year and was suspended by Metro. Betty Hutton took the role and Miss Garland went to a Boston hospital for treatment.

She returned and did "Summer Stock," which has had excellent reviews.

When June Allyson had to give up the lead in "Royal Wedding" with Fred Astaire, Judy was put in that part. Last Saturday she failed to report for rehearsal and Metro announced she was on suspension and would be replaced in the picture.
